

Yongkang Du

✉ duyongka@gmail.com ☎ 213 610 1669 🔗 <https://yongkdu.github.io/> in yongkang-du

Research Interest

Trustworthy ML, Visual Reasoning, Code LLM

Education

- Pennsylvania State University** *Ph.D. in Informatics* *Aug 2024 – Now*
◦ Advisor: Lu Lin
- University of Southern California** *MS in Computer Science* *Jan 2022 – May 2023*
◦ Advisor: Jieyu Zhao
- North China University of Technology** *BS* *Sep 2017 – Jun 2021*
◦ GPA: 89.6/100

Publications

1. **Compositional Visual Analogy Reasoning** 2025
Yongkang Du, Xiaohan Zou, Lu Lin
In Process
2. **FairCoder: Evaluating Social Bias of LLMs in Code Generation** 2025
Yongkang Du, Jen-tse Huang, Jieyu Zhao, Lu Lin
Preprint
3. **Self-contradictory reasoning evaluation and detection** 2024
Ziyi Liu, Isabelle Lee, **Yongkang Du**, Soumya Sanyal, Jieyu Zhao
EMNLP 2024
4. **Controllable Pareto Trade-off between Fairness and Accuracy** 2024
Yongkang Du, Jieyu Zhao, Yijun Yang, Tianyi Zhou
SoCal NLP Symposium 2024
5. **FF-PRec: A Feature Fusion-Based Paper Recommendation Method on Academic Big Data of Heterogeneous Network** 2021
Yongkang Du, Weilong Ding, Ying Liang
2021 4th CISAI

Experience

- Pennsylvania State University** *State College, PA*
Topic: Multimodal Reasoning (P1) *2025*
Research Assistant (Advisor: Lu Lin)
Topic: Fairness in Code Generation (P2) *2024*
Research Assistant (Advisor: Lu Lin, Jieyu Zhao)
- University of Southern California** *Los Angeles, CA*
Topic: Controllable Trade-off between Fairness and Accuracy (P4) *2024*
Research Assistant (Advisor: Jieyu Zhao, Tianyi Zhou)
- USC Information Sciences Institute** *Marina del Rey, CA*
Topic: Unsupervised Domain Adaptation *2023*
Research Assistant (Advisor: Mohammad Rostami)
- Institute of Computing Technology, Chinese Academy of Sciences** *Beijing, China*
Topic: Graph Representation (P5) *2021*
Research Assistant (Advisor: Ying Liang)

Award

Outstanding Undergraduate Thesis, North China University of Technology
First-class Scholarship, North China University of Technology,

2021
2018-2020

Service

Reviewer: EMNLP 2025, NeurIPS 2025, AAAI 2026, IEEE BigData 2025

Technologies

Languages: Python, C++, C, Java, SQL, JavaScript

Technologies: Git, PyTorch, Numpy, TensorFlow, Pandas
